FOCUS:

Interest in working with software development always aiming to benefit the organization's growth and professional growth.

HABILIDADES

Front end
HTML,Css, javaScript, Bootstrap...

Back end
Java, Spring boot, Nodejs, PHP...

Testes em Software
Api/Postman, Junit e Selenium...

Banco de dados
MySQl /PostgreSQL / DBeaver

Idioma
English studying

Education

- *University Anhembi Morumbi – **Analysis and Systems Development** (December/2022)*
- *College Batista de Minas Gerais – **Specialization Engenharia Software** (March/2022)*
- *University Anhanguera – **Logistics technologist** (2016).*

EXPERIENCE

Role: Full Stack Developer.

Company: Pagglo
Start - 11/10/2021 - Full Stack Development in different demands on desktop and mobile .   –
- Back end: Intellij, PhPStorm PHP, Java 8, Spring boot,Jhipster, Docker, Nodejs, Hibernate, Rest
– Front end:VsCode, Html, Bootstrap/Css, JS, Es6,TypeScrip, Angular,React, Ionic..
-Database: MySql, PostgreSql, Dbeaver, JPA..   – API e Tests: Postman, Junit, Selenium...

Role: It Assistant

Company: Medcomerce/Medcom
Start - 03/02/2014 - 01/07/2021
- Logistical processes spreadsheet control, billing, updating and adjustments in the database (MySql), tests and corrections in open systems, Siad System, Winthor System.
PHP end Java.

CERTIFICATION
- Scrum Foundations Professional Certificate SFPC
Issuing agency CertiProf
Issue date: feb. de 2021 – No expiration date
Credential identifierl Nº da credential 57179960

- Remote Work And Virtual Collaboration Professional Collaboration RWVCPC
Issuing agency CertiProf
Issue date: feb . de 2021 - Expires feb. in 2023   Credential
identifierl Nº da credencial 57663720

Courses:

Senai DF:
- Java Developer - Duration: 200 hours - 10/28/2020 (Programming logic; Database; HTML; CSS; JavaScript; Servlets; JSP; JSF) - Programming logic - Duration: 14 hours - 12/27/2019 - Information and Communication Technology - Duration: 14 hours - 12/19/2019 - Front End Developer - 200h - 04/28/2022

Fundação Bradesco:
- IT systems projects - Duration 15 hours - 04/13/2020

IPED – Instituto Politécnico de Ensino à Distância
- Billing - Duration 80h - 09/12/2021.
- LGPD 1 - Duration 2h - 10/13/2020.
- LGPA 2 - Duration 2h - 10/20/2020.
- LGPD Training - Duration 2h - 10/20/2020.
- Computer assembly and maintenance course - Duration 80h - 10/15/2020.
- Internet security course - Duration 80h - 09/16/2020.
- Technical Support Operation Assistance Course - Duration 80h - 11/08/2020.

DIO – Digital Innovation One. (Bootcamp)
Full stack:
- Essential programming logic - Duration 4h - 05/07/2021
- Introduction to creating websites with HTML5 and CSS3 - Duration 6h - 27/08/2021
- Data structure and algorithms - Duration 2h - 12/04/2021
- Introduction from Git and Github – Duration 5h – 21/04/2021
- Introduction to the Linux Operating System - Duration 10h - 06/15/2021
- Shell Script - Manipulating Files - Duration 02h - 06/16/2021
- System Architecture Fundamentals - Duration 6h - 05/23/2021
- Introduction to container orchestration with Docker - Duration 4h - 08/26/2021

Database:
- Introduction to Data Engineering - Duration 2h - 05/07/2021
- Introduction to Big Data and Hadoop - Duration 2h - 13/09/2021
- Orchestrating distributed Big Data environments with ZooKeeper, Yarn and Sqoop - Duration 4h - 13/ 09/2021
- SQLServer - Creating your first queries - Duration 4h - 23/08/2021
- Working with Databases using JDBC and JPA - Duration 4h - 23/08/2021
- Concepts and best practices in PostgreSQL Database - Duration 9h - 27/08/2021
- Introduction to MongoDB and NoSQL Databases - Duration 6h – 08/26/2021

Java 11

- Basic Java Development - Duration 9h - 08/09/2021
- Data Structure in Java - Duration 10h - 08/23/2021
- Advanced Java Development - Duration 8h - 08/26/2021
- Learn to apply tests with Java – During 2h – 26/08/2021
- Introduction to JUnit 5 – Duration 2h – 24/08/2 021
- Solving Java code challenges - Duration 1h - 08/27/2021
- Introduction to Web automation with Selenium in Java - Duration 3h - 08/26/2021
- Introduction to software quality - Duration 2h - 08/24/2021
- Introduction to Object Orientation with Java - Duration 2h - 08/09/2021
- Advanced System Architecture - Duration 3h - 08/09/2021

Kotlin

- Introduction to Kotlin – Duration: 6h – 09/13/2021

Spring Boot

- Introduction to the Spring Boot Framework - Duration 2h - 23/08/2021
- Microservices in Spring Cloud with Java - Duration 4h - 23/08/2021

Angular

- Introduction to Angular 8 - Duration 05h - 27/08/2021
- Advanced techniques with Angular 8 - Duration 8h - 27/08/2021
- Advanced applications with Angular - Duration 6h - 27/08/2021
